Treatment Protocol

1. **Micellar Eye and Lip Makeup Remover:** Apply some product to damp cotton pads and remove eye and lip makeup.
2. **Clear Cleanse:** Apply product to the face and then add water to emulsify. Work in and then remove with cool towels.
3. Use a magnifying lamp to analyze skin and record your findings.
4. **Dynamic Resurfacing Cleanser:** Apply product to the skin with water to emulsify and work into skin. Remove with warm towels.
5. Microdermabrasion. Follow machine protocols.
6. **Bio Cream:** Apply onto the face and neck. Let sit for 5-8 minutes. While product is on preform a mini scalp massage with **Body Serum #10** on temples.
7. Apply **Brightening Serum** in a press and roll motion onto the face and neck. You may infuse with direct high frequency if desired
8. **Aromatic Serum #303:** Apply 6-10 drops of serum in a press and roll motion onto the face, neck and décolleté. Perform a facial lymphatic drainage.
9. **Revitalising Massage Oil:** Apply massage oil to the face, neck and shoulders.
10. **Brightening Masque:** Mix 90 ml of tepid water or a 50/50 mix of water and **Orange Hydrolat**. mix masque and apply evenly over the face and neck. Perform a hand and arm massage with **Anti-Stress Massage Oil**
11. Remove masque and use 4x4 gauze dampened by **Orange Hydrolat** to remove any excess masque still on the skin.
12. Apply **Pigment Response Serum** and infuse with galvanic iontophoresis
13. Spritz with **Orange Hydrolat**.
14. Re-apply **Aromatic Serum (#1-#6)** in a press and roll motion over the face.
15. Apply **Refining Eye Gel** with finger pads around eyes and temples.
16. **Lip Balm:** Apply Eve Taylor Lip Balm to the lips using a Q-tip.
17. Apply **C+ Bright Priming Moisturiser** to finish.
